How You Want It Quotations
Wow your customers by creating impact on your quotations, not to mention fast and easy. Print other documents such as proposals, agreements, requisition forms and even certificates to save time on sales cycle.

Workflow on Documents
Easily track your transaction lifecycle with full audit trails. Define your own workflows and steps to capture and monitor all activities in minutes.
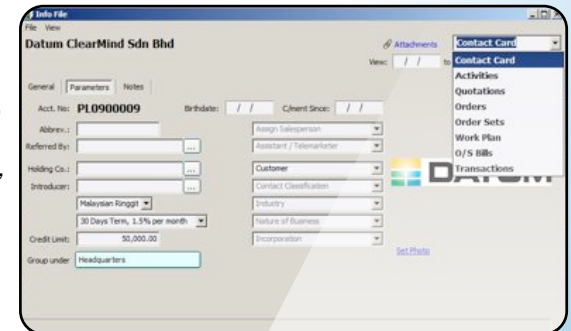

Better Reporting
More charts, statistics and easier to understand information. Visualize all facts in a consolidated way provides new insights on business strategies and improving competitiveness.

The Real e-Filling
Seamlessly integrated with the processing is an attachment function similar to what you find in emails. Imagine each Invoice, Receipt, Payment Voucher is an email.

Attach all supporting documents, scanned bills and photos into each record. Together with an easy-to-use search, the e-Filing is an indispensable way of filing within the office.
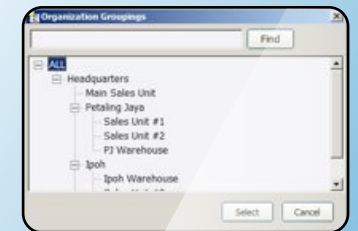

Truly Mobile and Distributed Workforce
With our revolutionary, peer distributed database support, ProLine allows your organization to expand easily. Setting up branches and managing mobile workforce is as simple as adding more users.

Support & Maintenance All in One Price
Best value package that your company can capitalize on. Version upgrades, monthly updates, continuous training and unlimited remote supports – all at no extra costs.

Use Organization Groups to secure and analyze data.
